Intake of Methodist Boys Form One, 2014 in Methodist Boys’ Secondary School, Kuala Lumpur

The recent policy change by the Ministry of Education gives the Board of Governors of Missionary Schools a 10% quota on the intake of Form 1 for the 2014. The board of Methodist Boys’ Secondary School, Kuala Lumpur (MBSSKL) has a quota of 21 places under this ruling and hereby invites Methodist boys to enroll. As MBSSKL is a selective school and a Cluster School of Excellence, there is a need to place a qualifying criterion based on the following:

(a) UPSR results of at least 5A2B for those from SJK(C) and SJK(T) or 3A2B for those from SK; or
(b) Good achievement in the one of the following niche areas of MBSSKL: ICT, Chess or English Language. Certificates must be produced to show evidence of this achievement; or
(c) Good achievement in co-curriculum or sports, especially Ping Pong. Certificates are required as evidence

For example if a boy obtains 4A3B in the UPSR but has a certificate in English Debate, then he stands a chance provided there are places left

If the places are not taken up by Methodist boys after the closing date, then they will be opened to other Christian boys and children of alumni subject to the same qualifying criterion as above.

Forms can be obtained from the respective Methodist churches or downloaded from the school website at http://mbsskl.edu.my

The closing date for all applications is two weeks after the announcement of UPSR 2013. Please submit your forms directly to:
